# Clear Cache in MS Edge and Chrome

While in Microsoft Edge, hold down the **Ctrl – Shift – Delete** keys to bring up the Clear browsing data window. Be sure to choose the *Cached images and files* checkbox and then *Clear now*.

Chrome is similar. With the Chrome browser open, hold down the **Ctrl – Shift – Delete** keys to bring up the Clear browsing data window. Be sure to choose the *Cached images and files* checkbox and then *Clear data*.
