Incorporated Village of Freeport

Freeport, NY 11520

Dear Members of the Board of Appeals of the Village of Freeport,

I hope this letter finds you well. I am writing to formally appeal the decision regarding the front fence on my property at 38 Morton Avenue. The fence in question is a four-foot, closed structure that I believe contributes positively to both the value and aesthetic appeal of my home and the surrounding neighborhood.

First and foremost, the fence enhances the curb appeal of my property, which in turn raises its market value. This benefit is not limited to my home alone but extends to the neighborhood as a whole, as well-maintained properties help to create a more desirable community. In today's competitive real estate market, features such as a well-constructed front fence are considered valuable assets that potential buyers often seek.

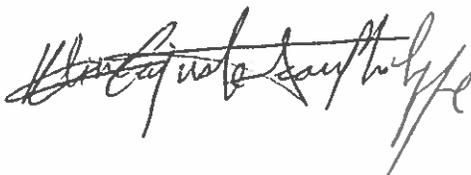

Additionally, there are several other properties within the vicinity of 38 Morton Avenue that have similar front fences. This consistency in design across multiple homes in the area demonstrates that such fences are in harmony with the neighborhood's overall aesthetic. The fence on my property does not detract from the appearance of the neighborhood; rather, it complements the existing structures and landscaping, adding to the overall charm and character of our community.

I would also like to emphasize that the fence does not obstruct views, block light, or otherwise negatively impact the experience of those living nearby or passing through the area. On the contrary, it provides a sense of privacy and security while still maintaining an open and inviting appearance.

In light of these considerations, I respectfully request that the board reconsider its position and allow the front fence at 38 Morton Avenue to remain as it stands. I firmly believe that keeping the fence will continue to benefit both my property and the neighborhood as a whole.

Thank you for your time and attention to this matter. I am available to discuss this further and provide any additional information that may assist in your decision.

Sincerely,
Aline Cajuste-Jean Philippe
